**DETAILED ACTION**

***Claim Objections***

1. Claim 5 is objected to because of the following informalities: On line 7, "comprises at least on material . . ." Appropriate correction is required.

***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1, 7 and 9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, line 13;

In claim 7, line 14; and

In claim 9, line 24, "chemical enhancer layers" is indefinite because its meaning is unclear. Applicant has failed to disclose the material, which constitute a chemical enhancer layer.

***Allowable Subject Matter***

4. Claims 1, 7, and 9 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Art Unit: 1765

5. The following is a statement of reasons for the indication of allowable subject matter: Prior art fails to teach forming chemical enhancer layers in a method of forming a metal wiring in a semiconductor device.

6. Claims 2-6, 8, 10, and 11 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
